

We are still working with the APA and Governor Wolf to give the okay to start up. It will be posted on this site as soon as we have any new information.

If you are paying your membership, please pay it through the APA Main site at this time.

However, when the League starts up again, we will give you the chance to pay your memberships to ZSAPA.

Many of our Host Locations remain closed. We need all of them to be open to start.

We must follow all of the Governor's guidelines because we are a licensed franchise and therefore could be held responsible if someone becomes infected with the virus.

This is the only information I can give you at this time, but you are welcome to contact the APA with any other concerns you might have.

Hope all is well with you at this time. Stay safe.

Sincerely,
Kim
